

*“ElliQ has helped me to feel less lonely. She has been such a good companion to me. She reminds me to take my meds which I often forget, but with ElliQ I don't. We also play games which helps sharpen my mind. It's like talking to a human being except it's a robot. I just love her.”*

Dee, ElliQ Program Participant,  
New York

*“I find ElliQ to be an invaluable tool in my service offerings. Greene County is a small rural area with limited access to services. I can't think of any other technology on the market today that matches what ElliQ can do.”*

Chris Lewoc, Case Manager,  
Greene County

*“I've personally witnessed the remarkable impact ElliQ has had on the lives of older adults. It's heartwarming to see how it's improved independence and eased the burden on caregivers.”*

Beth Strange, Case Manager,  
New York

# Meet ElliQ

ElliQ is a smart, friendly robot designed to empower adults to lead happier, healthier, and more independent lives. Now available through the Washington State Department of Social and Health Services (DSHS), ElliQ helps you stay better connected and support your clients at home.

## How ElliQ Helps Your Clients

### Turns care plans into daily action

ElliQ helps anchor care plans into daily routines by supporting essential ADLs and IADLs such as reminders for medications and hygiene, cooking guidance, helping maintain wellbeing, and quality of life at home.

### Supports independence at home

ElliQ assists with managing daily life at home by reminding clients about medical appointments, transportation schedules, hydration, and other important tasks that help them remain independent and stable in their home environment.

### Encourages healthy habits

ElliQ motivates clients to move more, eat healthy, sleep better and reduce stress with gentle prompts and activities tailored to their pace and preferences.

### Supports cognitive and emotional stability

ElliQ helps clients stay oriented and mentally engaged with daily friendly chats, games, music, or audiobooks and even virtual world tours.

### Makes staying connected easy

ElliQ makes it easier for clients to communicate with family, friends or caregivers, helping them feel more connected to the people who matter most.

### Easy to use in any home

Just plug her in, connect to the internet, and enjoy. ElliQ is quick to set up - no tech experience needed.

## ElliQ's Impact in Numbers
